Prides Fluctuated Oppositely With L. & N.

FEARS OF CORNER ABATED

Speculative Sentiment Was, However Sensitive, and Louisville and Nashville Stock Was Closely Watched. Bonds Were Irregular.

Rew York. April 11.—The fears of a corner in Louisville and Nashville were somewhat abated to-day, which seemed to be the principal factor in the tendency towards recovery in the market. Speculative sentiment showed itself sensitive, however, to the movements in Louisville and Nashville. Thus, when very large buying appeared in other parts of the market and when Louisville and Nashville and Nashville and Nashville was a prompt raily elsewhere in the market. This socsaw process was more or less conspicuous all day especially at periods when Louisville and Nashville was particularly active. The market for that stock continued very feverish on an enormous volume of dealings, but the fluctuations were by no means so wild as yosterday. There were indications that money powers that were back of the movement were disposed to handle it more tenderly out of consideration of the effect upon the rest of the market. The stock touched 123½ at the to, and closed with a net gain of 13s. As for Southern Railway, it fell back to a position uniform with a number of other active stocks in the market and moved narrowly. The strength which the market showed as a whole, was by no means universal or evenly distributed. The Government crop report caused some depression here and there amnogst the Granger stocks, which was overcome. Amalgamated Copper was consistently strong, and rose nearly 3 points at the last. The return to the city of one of the principal stockholders and directors was imputed as the cause of the movement. Chicago, Indianapolis and Louisville ran off sharply 5 points on the declaration of only a 1 per cent. dividend, as there had been hopes of a more liberal distribution. The stock made a feverish recovery of part of its decline. The United States Steel stocks were heavy on rather free selling, attributed to dissatisfaction with the bond issue and the large proportion of the cash to be realized, which will go to the 1-cers as commission. The generally credited report that the purchase of the Choctaw, Oklahoma and Gu

COTTON MARKETS.

NEW YORK, April 11.—The cotton market cepned steady with prices 16t points higher, following a firm lead by Liverpool, where prices were net ½ point higher as compared with an expected decline of 161½ points. Room shorts and Europe blught here in the first few minutes, but commission houses took advantage of the higher prices to secure profits. Seen after the call the whole market made a downward turn under prospect of very large port receipts and increased estimates for this week's "insight." Bear pressure stimulated the unloading movement, and a severe relapse in the English market greatly added to the alarm of smaller bolders. For the balance of the foreumon the market was weak and irregular with May off to \$5.94. July to \$.96 and August to \$8.2. Builleb stitistical reports and claims that spot corton was easily maintaining its position at top figures of the season were the supporting influences in the southern market, but made little impression on local sentiment. The afternoon market was quiet and narrow after a light rally occurred on small estimates for to-morrow's receipts. The close was barely steadily with prices ust 16g points lower. COTTON MARKETS.

# NO CORNER IN LOUISVILLE

This Announcement Gives Relief to the Stock Market.

#### THERE WAS A BETTER FEELING

And the Market Broadened—Georgia Central Bonds and American Cotton Oil Very Strong-The

Grangers Weak.

The announcement yesterday that there would be no corner in Louisville and Mashville caused a feeing of relief in the market and revived confidence. This, in spite of the fact that Louisville and Nashville went up to 122 and remained quite strong all day. Other stocks were taken up and advanced. St. Paul way one of the most active, although there was no material rise in price. Central of Georgia bonds were notably strong, and all three classes made considerable gains on the day's transactions. Mexican Central bonds also went up from 334 to 354. The Granger stocks did not participate in the rise, which was doubtless due to the somewhat unfavorable crop report. One or ine strongest stocks on the list was American Cotton Oil, which advanced from 47% to 49%. Chicago Union Traction was also very strong, gaining over 2 points. Amalgamated Copper gained 2 points and North American 5 points. The close was strong.

strong. SOME GUESSES.

Tradors are still guessing as to the cause of the rise in Louisville and Nashville. These three explanations were made:

1. That John W. Gates and his associates were using it to buil the market to help their sales of Union Pacific and St. Paul.

clates were using it to built the market to help their sales of Union Pacific and St. Paul.

2. That a broker misread a 5,000 share order to buy and sold, and therefore had to buy 10,000 shares, putting the price to 120 with the assistance of a stop order caught at 118.

3. That the directors having issued 50,000 new shares of stock to themselves at 195, sold the same or the stock market at a profit, and now finding the new stock is not a good delivery for thirty days, have had to borrow, turn out their own boxes, etc.; hence he borrowing demand for the shares.

But none of these explanations seems to be satisfactory. It was predicted by one of the prophets that when the storm is over it will be discovered that Pennsylvania has gotten control of Louisville and Nashville. President Spencer is quoted as having said that the Southern Railway was not buying Louisville and Nashville was not buying Southern Railway southern Railway southern Railway stocks were not very active in yesterday's market.

GOOD EARNINGS.

For the first week in April Chesapeake and Ohio carnings increased \$36,609; Chicago Grent Western, \$11,296; Mexican National, \$2,519; Mexican Central, \$72,390; Chicago Grent Western, \$11,296; Mexican National, \$2,519; Mexican Central, \$72,990; Chicago Terminal, \$2,505. Texas Pacific decreased \$19,217.

Yesterday's New York Times says: "Seaboard Air Line, which for so long has occupied a very inconspicuous place in the transactions in the outside market, became quite active and strong on yesterday. Trading in the bonds was trans-

has occupied a very inconspicious piace in the transactions in the outside market, became quite active and strong on yesterday. Trading in the bonds was transferred to the Stock Exchange, where they were traded in at prices considerably above the recent quotations. In explanation of the strength of the stocks there were indefinite rumors successing that the Scabboard Air Line is in some way connected with the rumored change in the control of the Louisville and Massivine, but these reports were hardly taken seriously, as they were too indefinite to command much attention."

A COTTON PREDICTION.

Theodore II. Price, of New York, sent the following telegram yesterday:
"Dun's report to-day says acreage and fertilizer sales much reduced and crop late. My own reports indicate six per cent, reduction; acreage, ten per cent, and fertilizers' crop three weeks late. If these conditions continue the situation.

# **COL. ANDERSON** IS SUSTAINED

Recommendation as to Major Lanier's Resignation Approved.

Governor Montague yesterday accepted the resignation of Major A. S. Lanier as major of the First Battalion of In-fantry, Seventieth Virginia Regiment. General Nalle immediately, by order of the Governor, issued a call for a meeting of the commissioned officers of the bat tallon to elect Major Lanier's successor. The meeting will be held at the Armory at 8:30 o'clock on Wednesday, April 30th. Major E. Leslie Spence is being tioned as the probable successor of Ma-jor Lanier. Following is the copy of the letter of General Nalle to Colonel An derson, informing the latter of the action of the Governor:

April 10, 1902. Colonel George Wayne Anderson. Commanding Seventieth Infantry, Richmond, Va .:

Sir,--I have the honor to forward, en-closed herewith, special orders No. 39, or this date and from this office, announcing the acceptance by the Governor, Commander-in-Chief, of the resignation of Major Alex. S. Lanier, Seventieth Regiment Infantry, which was received at this office with your approval endorsed thercon. Governor and Commander-in-

The Governor and Commander-in-Chief considers the acceptance of his res ignation as precluding such other action in the matter as is requested in your endorsement.

Very respectfully,

W. NALLE, Adjutant-General. It is understood that Colonel Anderson asked for the Governor's specific approva of his action with regard to the mat of Major Lanier's resignation, and it that to which the closing sentence of the Adjutant-General's letter refers.
